

Welcome to CCF – Enrollment

For patients suffering from ulcerative colitis or crohn's disease, managing their everyday life can be a challenge. The mission of Colitis & Crohn's Foundation (India) is to empower patients with comprehensive knowledge of their disease so as to better manage the disease & cope with the day to day problems. Our aim is to narrow down the communication gap between our patients and the doctor.

This CCF-Enrollment kit unveils to you:

- Your disease information booklet. (Can also be read at www.ccfregistry.org)
- Your health tracker - to monitor disease activity and gain insight into your condition
- Your unique card.

You are special for us and remember we **C**are, we are **C**oncerned and we are **F**riends. This is what **CCF** stands for.

With warm regards
